#### **ALAD LTD**

ALAD LTD is offering suppliers and service providers, in the sports venue industry, the opportunity to exhibit at associated events or attend as delegates.

#### **AECOM**

AECOM is a global provider of professional technical and management support services to a broad range of markets, including transportation, facilities, environmental, energy, water and government. With approximately 45,000 employees around the world, AECOM provides a blend of global reach, local knowledge, innovation and technical excellence in delivering solutions that create, enhance and sustain the world's built, natural and social environments.

#### **BRITISH TELECOM**

BT is the major provider of telecommunications networks and services in the UK. BT is also a major global communications company, serving customers in more than 170 countries. British Telecom provides services to large corporate and public sector customers with operations across the world in a wide range of sectors such as banking and financial services, consumer packaged goods, logistics, pharmaceuticals and manufacturing.

#### **BURO HAPPOLD**

Buro Happold is a world class, multi-disciplinary engineering consultancy, operating out of an international network of offices. Buro Happold provides comprehensive general and specialist engineering services for complete developments, buildings and their infrastructure. Founded in Bath in 1976 by Professor Sir 'Ted' Happold as a traditional partnership, Buro Happold has evolved in scope, size and stature. From one small office in a townhouse in Bath, Buro Happold today employs over 1,400 staff and has 52 partners in 29 locations worldwide.

#### **CLIPPER VENTURES**

Clipper Ventures Plc was established in 1995 by legendary yachtsman Sir Robin Knox-Johnston, the first person to sail solo non-stop around the world in 1968-69. The company owns and operates a matched fleet of 12 ocean racing yachts and so far more than 3,000 people have competed in the eight editions of the Clipper Race. Each yacht entry is sponsored by a destination which uses the unique global marketing platform of the race for international business and tourism promotion. Today Clipper Ventures is recognised as a leading international marine events company which is focused on developing and promoting major global events including the Clipper Race.

#### **JLT GROUP**

The Jardine Lloyd Thompson Group is a leading risk management adviser, insurance and reinsurance broker and a major provider of employee benefits administration services and related consultancy advice. JLT Specialty Limited (JLT) is a specialist insurance broker and risk consultant providing market leading industry knowledge and expertise in specialist fields such as the area of insurance and risk management for sporting events.

#### **JON TIBBS ASSOCIATION**

JTA is a leading strategic brand building and communications consultancy for clients in the international sports movement. JTA helps clients achieve success by creating winning international relations and communications campaigns. JTA adopts a strategic and innovative approach to client solutions leading to audience engagement, maximum impact and client success.

#### **IRIS TICKETING**

Headquartered in the UK, IRIS Ticketing is part of Computer Software Holdings (CSH), and has an experience in providing ticketing solutions for 15 years. IRIS Ticketing's flagship product for the sporting industry, TALENT Sport, has been developed over a number of years to meet the specific ticketing and marketing requirements of sporting venues in the UK and beyond. TALENT Sport is fast, secure and reliable. The core application is designed to help manage ticket sales efficiently, offer customers the best level of service, maximise sales and reduce administration. IRIS Ticketing already works with leading British and International sports venues such as Liverpool FC and Galatasaray SK.

## **PATTERN DESIGN**

Pattern is an architectural practice based in London. The company's major sectors are sport, education and urban design. The practice was founded in 2009 and is co-located with an international engineering consultancy. Pattern's philosophy is to deliver designs that achieve equilibrium between man-made structures and the natural world. The idea of Patterns is employed to analyse all aspects of a project; urban design, city context, geometry, people and traffic flows, culture, climate and natural order. Stadia design is a key research area for the practice and Pattern is interested in exploring innovative approaches that increase participation and reduce waste.

## **POPULOUS**

Populous is a global design practice specialising in creating environments that draw people and communities together for unforgettable experiences. Populous is a world leader in the design of sports and entertainment buildings, having worked on over 1,000 sports and entertainment projects around the world. With a portfolio of over 400 major event venues, it is recognised as a world leader in overlay design, procurement and construction. Their major projects include Wembley Stadium, Emirates Stadium, O2 Arena and Yankee Stadium, while the major event experience includes the design of the Sydney, London and Sochi Olympic Stadia. Populous was also the official Architectural and Overlay Design Services Provider to the London 2012 Olympic and Paralympic Games and designed 35 of the sporting venues.

## **SPORT CONCEPTS**

Sport Concepts offers a comprehensive consultancy for sport and entertainment developments. A single source for all aspects of new build, renovation and feasibility is provided to streamline and reduce the cost of your project. All phases of the project are addressed from financial feasibility through building "hand over". The goal is to create facilities that maximise revenue potential through 365 days a year use. This includes the incorporation of retail, restaurants, and entertainment into traditional sport and public assembly buildings. Sport Concepts brings over 30 years of experience in the study, design, and procurement of international sport venues to your project.

## **TMS UK**

TMS UK, along with its international affiliates, is the leader in the design, planning and operation of multifaceted transportation systems for the world's major special and corporate events. Since 2009, TMS UK has helped over one thousand clients successfully move millions of passengers across the globe. These services include bid committee consulting, development of detailed transport plans, operational implementation and managing the overall transport effort for large, complex, multi-facet international events. TMS UK provides traffic and transport solutions, consulting, and contract management assistance for clients around the world in order to deliver complex traffic and transport results custom tailored for each event

## **TURNER & TOWNSEND LTD**

Turner & Townsend is a leading global programme management and construction consultancy that supports organisations that invest in, own and operate assets. Working from 76 offices in 32 countries, the company is making the difference to projects across the property, infrastructure and natural resources sectors worldwide. Turner & Townsend helps organisations succeed by managing risk while maximising value and performance during the construction and operation of their assets.
